

PBWeb LLC

IT and Web Development Services | New Albany, Indiana

Robert Martinez, Owner | hi@pbweb.me | pbweb.me | (502) 690-0501

CORE COMPETENCIES

- Custom web development and web applications, full-stack, including modern edge platforms such as Cloudflare Workers and D1
- Mobile and tablet application development for iPhone, iPad, and Android; approved Apple Developer Program organization
- Website design, rebuilds, migrations, and ongoing maintenance
- Accessibility remediation toward WCAG 2.1 Level AA, the standard set by the ADA Title II rule for public entity websites and mobile applications
- Custom software and internal tools built to an agency's specific workflow
- Microsoft 365 administration, server virtualization (VMware ESXi), backup and disaster recovery, and general IT support

PAST PERFORMANCE

- **Polished Cleaning Solutions, LLC** (ongoing). Designed and built a custom content management system and customer web portal on Cloudflare Workers, D1, and React. Continuing development, maintenance, and technical support as the client's development contact.
- **Independent product development.** Building a scientific data viewer application for macOS and iPad, currently in active public development, demonstrating full-cycle custom software design and engineering.

RELEVANT EXPERIENCE (KEY PERSONNEL)

- **Robert Martinez, Owner.** Systems Administrator and Full-Stack Developer supporting a federal government contractor, 2018 to present, with an earlier tenure from 2009 to 2014. Consolidated 10 physical servers onto a single VMware ESXi host running about 45 virtual machines; administers Microsoft 365; manages backup and disaster recovery; builds and maintains internal and public web applications. References available on request.

DIFFERENTIATORS

- Local to the Louisville metro and Southern Indiana; on-site when it helps, remote when it does not
- Right-sized for small jobs; a strong fit for micro-purchase and simplified-acquisition work larger firms overlook
- Single accountable owner; you work directly with the person doing the work
- About 15 years of IT experience, including federal government contracting environments
- AI-assisted development workflow that delivers small projects quickly and affordably
- Registered and ready to transact in SAM.gov
